

Amna Zaher

Cairo, Egypt | +201018618815 | amnazaher24@gmail.com | GitHub: github.com/AmnaZaher | LinkedIn: linkedin.com/in/amnazaher

SUMMARY

- Motivated Computer Science student (Expected 2026) specializing in React.js and Node.js development with hands-on experience building responsive web applications. Proven track record of delivering frontend solutions for library management systems and medical facilities. Active contributor to developer communities as instructor and organizer. Seeking a Frontend Developer or Full-Stack Developer internship to apply technical skills in JavaScript, React, and modern web frameworks.

EDUCATION

South Valley University (SVNU)

Expected May 2026

Bachelor of Science in Computer Science | GPA: [2.71/4.00]

Qena, Egypt

- Relevant Coursework: Data Structures, Algorithms, Web Development, Databases, Software Engineering, Operating Systems, Computer Networks
- Programming Competitions: ECPC 2024 (Team Rank: Top 30%), ECPC 2025 (Team Rank: Top 25%)

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+), TypeScript, Python, C++, HTML5, CSS3
- **Frontend Frameworks:** React.js, React Hooks, Context API, Bootstrap, Tailwind CSS, Responsive Design
- **Backend & Tools:** Node.js, RESTful APIs, Git, GitHub, npm/yarn, Figma, Jira, Postman
- **Databases:** MySQL, MongoDB (Basic)
- **Methodologies:** Agile Development, Git Workflow, Cross-Browser Testing, WCAG Accessibility Standards
- **Languages:** Arabic (Native), English (Professional Working Proficiency), German (Elementary)

PROJECTS

Student Library Management System | *React.js, Tailwind CSS, REST API*

Jan 2025 – Apr 2025

- * **Engineered** responsive frontend using React.js with functional components, hooks (useState, useEffect), and Tailwind CSS, serving 500+ university students
- * **Implemented** book search functionality with real-time filtering, user authentication interface, and reservation system with form validation
- * **Integrated** RESTful APIs for CRUD operations; optimized component rendering reducing page load time by 25% through code splitting and lazy loading
- * **Collaborated** in Agile team using Git for version control; conducted cross-browser testing ensuring compatibility across Chrome, Firefox, and Safari

Radiology Centers & Laboratories Portal | *JavaScript, Tailwind CSS, Google Maps API*

Aug 2025 – Sep 2025

- * **Architected** responsive website for 3+ medical facilities using vanilla JavaScript, HTML5, CSS3, and Tailwind CSS with mobile-first approach
- * **Designed** interactive service galleries with modal popups, contact forms with validation, and Google Maps integration for location services
- * **Enhanced** user engagement by 40% through intuitive UI/UX design and accessibility improvements (WCAG 2.1 AA compliance)

* **Optimized** images and assets reducing total page size by 35%; implemented responsive breakpoints for desktop, tablet, and mobile devices

LEADERSHIP & ACTIVITIES

Google Developer Groups (GDG) SVNU

Sep 2024 – Present

Frontend Instructor & Core Team Member

- **Mentor** 25+ students in frontend development through bi-weekly workshops covering HTML, CSS, JavaScript, and fundamentals
- **Developed** comprehensive curriculum with hands-on exercises, code examples, and project-based learning materials adopted by GDG chapter
- **Facilitated** 1:1 mentoring sessions helping students debug code, understand concepts, and build portfolio projects

Google Developer Student Clubs (GDSC) SVNU

Oct 2023 – Sep 2024

Technical Photographer & Event Documentation

- **Documented** 15+ technical workshops, hackathons, and speaker events through professional photography and video content
- **Contributed** visual content to social media campaigns increasing engagement by 30% and event attendance by 25%

ECPC HR Community, SVNU

Oct 2024 – Present

Competitive Programming Organizer

- **Coordinate** weekly competitive programming sessions with 30+ participants preparing for Egyptian Collegiate Programming Contest
- **Curate** problem sets from Codeforces, LeetCode, and previous ECPC contests; track participant progress and provide feedback

Arab Collegiate Programming Contest (ACPC)

Dec 2024

Volunteer Coordinator

Luxor University

- **Supported** logistics and operations for regional programming competition with 200+ participants from 15+ universities across Egypt
- **Assisted** in venue setup, contestant registration, and technical support ensuring smooth event execution

CERTIFICATIONS & TRAINING

- **Digital Egypt Pioneers Initiative (DEPI):** Frontend Development with React.js Diploma (6-month intensive program covering React, Redux, TypeScript, Next.js) | Expected Jun 2026
- **Dandara Alebdaa:** Node.js Development Training (Backend development, Express.js, REST APIs, MongoDB) | Aug 2025
- **Dandara Alebdaa:** Entrepreneurship Training Program (Business planning, market research, pitching) | Jul 2024
- **National Telecommunication Institute (NTI):** Web Design Certificate (HTML5, CSS3, Bootstrap 5, JavaScript ES6, Responsive Design) | Mar 2024
